

Note

Only follow the instructions in this section if you are at an AWS-hosted event. [Click here](#) for instructions on running the workshop in your own account.

Joining the Workshop

AWS Workshop Studio allows AWS field teams to run Workshops, GameDays, Bootcamps, Immersion Days, and other events that require hands-on access to AWS accounts.

Follow the steps below to gain access to your Workshop Studio AWS account:

1. Open [Workshop Studio](#).
2. Choose your preferred sign-in method. For AWS guided events, choose **Email one-time-password (OTP)**.

Sign in

Choose a preferred sign-in method

Email one-time password (OTP)

Enter your personal or corporate email to receive a one-time password

AWS Builder ID

Login with AWS Builder ID, a new personal profile for builders

Amazon employee

Login with your Amazon Corporate account. Only for Amazon Employees.

3. Enter your email account and choose **Send passcode**.

One-time email passcode

Send a passcode to the email below.

Email

participant@example.com

6. Read and agree to the Terms and Conditions by selecting **I agree with the Terms and Conditions** and choose **Join event**.

8. You will not copy, import, export or otherwise create derivative works of materials provided by AWS for use outside of the relevant event.

9. AWS, its affiliates, and any entities or persons acting on AWS's behalf have no obligation to enable the transmission of Your materials through AWS Workshop Studio, and may, in their discretion, edit, block, refuse to post, or remove Your materials at any time, without notice to You.

10. If You access and use a service and/or third-party models that have their own terms during the relevant event, while in the AWS-owned account, You agree to review those terms and comply with them during the event.

11. If You are an AWS Partner using AWS Workshop Studio as part of Your participation in the AWS Partner Network Program, Your use of AWS Workshop Studio is governed by these terms, the AWS Partner Network Terms and Conditions, and the AWS Customer Agreement or other agreement with us governing your use of AWS Services.

12. Your use of AWS Workshop Studio will comply with these terms and all applicable laws. If You fail to comply with any of these terms, Your access to AWS Workshop Studio may be immediately terminated, without notice to You.
