

Follow the installation instructions in this section to prepare your environment for the workshop.

- If you are attending an AWS guided event, set up your environment [here](#).
- If you are not participating in an AWS guided event, set up your environment [here](#).

Note

If you are running this workshop in your own AWS account, remember to delete all resources by following the [Cleanup](#) section to avoid unnecessary charges.

AWS Resources and Pricing

Service charges for AWS Services (Amazon CloudFront, Amazon S3, AWS Lambda, Amazon API Gateway, and Amazon DynamoDB) used in this workshop should be covered under [AWS Free Tier](#). You can also review the pricing for these services as follows:

- [Amazon CloudFront Pricing](#)
- [Amazon S3 Pricing](#)
- [AWS Lambda Pricing](#)
- [Amazon API Gateway Pricing](#)
- [Amazon DynamoDB Pricing](#)
